INTRODUCTION

The French Riviera, with its enchanting blend of Mediterranean coastline and glamorous cities, has long been a source of inspiration for artists, writers, and dreamers alike. Its picturesque landscapes, vibrant colors, and captivating ambiance have the power to ignite the imagination and awaken the creative spirit within.

From the sun-drenched beaches of Cannes to the luxurious allure

of Monaco, the Riviera exudes a timeless elegance that evokes a sense of romance and exclusivity.

It is a place where the soul finds respite and the artistic spirit finds its muse.

The captivating light that bathes the region is among the elements the brand has collected and used to create its charming watch collections.

AN EVERYDAY
STYLE ACCESSORY

Monaco watch collections are designed in the pursuit of elegance, aplomb, and authenticity, they are all inspired by the city-state's storied past, vibrant present, and auspicious future and manifest style and function while designing the world's next luxury timepiece.

Our designs reflect the glint in your eye and withstand the test of time. Monaco is equal parts inspirational and aspirational. Every design is inspired by Monaco's depth of culture, and each one aspires to the region's singularity. Like the world travelers of centuries past, we seek the Riviera's unwavering, unparalleled élan.

The three vertical segments in Monaco's logo form the letter M, and our brand colors honor the city-state's flag. In addition to representing the Principality's elegant and refined style, our logo evokes upward movement in pursuit of growth and innovation.

The French Riviera is a truly special place—the ever-present sea breeze and light imbue the region with a unique, unrelenting charm. Monaco's dynamism and joie de vivre are our true inspiration.

LES JEUX SONT FAIT!

Roulette is inspired by the world's favorite game of chance. The iconic roulette wheel forms its aesthetic foundation.

The dial features sectors numbered from 1 to 31, and the second hand's round dot end mimics a roulette ball's movement around the wheel. The terminal moves through each sector as a roulette ball might traverse the wheel at a table in Monte Carlo's infamous casino.

Super-LumiNova markers adorn the periphery of the dial and the gladio hands for excellent visibility and ease of reading at night. The anti-reflective sapphire crystal allows the dial to be seen clearly in all light conditions.

The case back engraving represents the double golden spiral, with randomized numbers arranged like the seeds in the sunflower: a symbol of mathematical perfection.

TECHNICAL INFORMATION

- Automatic movement
- Display by means of hand hours, minutes and central seconds
- Screw-down caseback and crown
- Hours, minutes and ending part of second filled with SuperLuminova

Case:	Stainless steel 316L
Diameter:	42 mm
Thickness:	12.25 mm
Lugs:	20 mm
Sapphire crystal:	Yes
Water resistance:	100 mt / 10 ATM
Dial finishing:	Fumé
Dial color:	Black/Red

MOVEMENT
SPECIFICATIONS

Miyota 8215

Size ligne:	11 1/2"
Height mm:	5.67
Accuracy per day:	-20 ~ + 40 sec
Running time:	(more than) 42 hours
Vibration frequency per hour:	Vibration 21600
Jewels:	21 pcs

SETTING TIME AND DATE

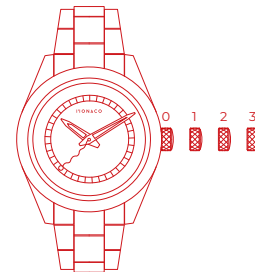

In normal position 1 (wearing position) the crown is positioned against the case, the crown ensures that the watch is water-resistant.
